## RESERVOIR BIDS WERE TOO HIGH

Consequently Kaimuki Will Get  
No Better Water System  
at Present.

On moonlight nights nowadays there  
might be seen on Kaimuki Hill the  
ghostly walls of the 900,000-gallon  
reservoir that Kaimuki didn't get. It  
was decided yesterday that Kaimuki  
wouldn't get it, the reason therefore  
being that the bids received and open-  
ed yesterday indulged in too much alti-  
tude for either the Territory's purse  
or its inclination. The lowest, which  
was made by the Concrete Construction  
Company was \$25,495, and the time  
required to completed the job was men-  
tioned as 225 days, which was incident-  
ally the longest period required.

Other bidders were John Walker, at  
a figure of \$28,700 (the highest), and  
F. E. Richardson at \$26,140. Marston  
Campbell, superintendent of public  
works, yesterday turned down all three  
bids. Therefore Kaimuki's hopes of a  
reservoir all to its lonesome are still  
ghostly dreams.

But the two artesian wells will materi-  
alize according to program and Mc-  
Candless Bros., the only bidders, will  
probably get the job. Their figure was  
\$6 per foot and 120 days to complete  
the work.

The same department has commenced  
advertising for 18,000 lineal feet of  
wooden stave pipe for the Kula pipe-  
line to be opened December 15. The  
delivery of this will complete the materi-  
al needed for the line, the galvanized  
pipe being already on the way here via  
Tehuantepec.

### Clarkin Identified.

Communications from Waterbury,  
Conn., people to High Sheriff Henry  
have identified the photograph of Jas.  
H. Clarkin sent them, as that of the  
man of whom it was supposed to be.  
Clarkin died on board the Alameda in  
the fall of 1907, and Henry was made  
executor of his estate by an order of  
court. His "estate" consisted of \$300  
odd turned over by Purser Smith of  
the Alameda, from which was deducted  
the burial expenses. Since then Henry  
has been hunting for the heirs.

Who these are have been ascertained  
in the letters from his sister and father.  
A post mortem photograph of Clarkin  
was sent to the postmaster at Water-  
bury with the result that an answer  
was forthcoming from Rose A. Clarkin,  
his sister, identifying the photograph  
and asking for the particulars of her  
brother's death. An affidavit was also  
received from his father, John Clarkin,  
saying that he was the only heir and  
claiming the money left by his dead  
son. Strangely enough, he states that  
Clarkin had no other relatives living  
although there was a letter from a  
sister in the same mail.

### Land Delivered.

A judgment of the federal court in  
the Pualoa condemnation matter was  
filed in the bureau of conveyances yester-  
day, which brings the land at Pua-  
loa, Pearl Harbor, needed for a naval  
base, into the hands of Uncle Sammy.  
The judgment allowed the claimants to  
the land \$10,000 but made no attempt,  
in the face of the confused claims upon  
it, to say just how much of the con-  
demnation money should go to each.  
The federal authorities will let them  
fight it out themselves.

There are about ten people and es-  
tates that claim interest in the land  
but just which are valid and to what  
percentage is doubtful. The money has  
been paid into court, having arrived  
some time ago, and another period of  
long litigation will now probably be on  
the boards to find out just who is go-  
ing to get it.

### Another Strike Case.

The United States district court is  
the next judiciary department to take  
up one of the innumerable cases that  
have grown out of the late defunct  
strike. This time it is Jusukichi Uchi-  
yama whose name, arising through a  
petty incident of the strike, has be-  
come sidetracked in the public's at-  
tention. The specific charge against  
him is for sending obscene matter  
through the mail from Kahuku. On  
the margins of a newspaper were  
found sufficient revilements, it is be-  
lieved, against the "Traitor Sheba"  
to send the writer to jail for a com-  
fortable period.

### Courthouse Notes.

Ramon Lopez was yesterday sen-  
tenced by Judge De Bolt to serve  
eighteen months in prison. He was  
convicted last week of gashing a fel-  
low countryman in the leg, inflicting  
a nasty wound. In his talk to the  
prisoner, the court dwelt upon the  
greater seriousness of his offense by  
reason of his having a wife and child.  
The latter were both in the room when  
sentence was passed, the former weep-  
ing and the latter cooling delightedly  
on the floor or playing with her moth-  
er's dress.

In Judge Whitney's court, the case  
of Maude H. Geisecke against Gus  
Schuman for damages was continued  
for one week, and it is understood that  
the matter will be settled out of court.  
Although the suit brought was for over  
\$20,000, the agreement, it is believed,  
will be for \$1000. Schuman injured  
the plaintiff by running her down with  
his automobile, this offense not being  
the first in that line.

Emmeluth & Co. have filed a me-  
chanics and materialman's lien on the  
property of An In Kwai and five others  
doing business as the Luen Chong Com-  
pany. The pakes are bakers and man-  
ufacturers of palato-ticklers in general  
and made the mistake of permitting  
John Emmeluth's construction com-  
pany to build a revolving bake oven  
without paying for it. This is natur-

## A GENERAL BREAKDOWN

Condition Which Dr. Williams'  
Pink Pills Will Cure.

The Great Blood and Nerve Tonic Has  
Been Making Men and Women Well  
and Happy for a Generation.

When there is a general breakdown  
of the bodily health, either the blood is  
at fault or the nervous system is de-  
ranged, often both.

There is no more perplexing trouble  
for a physician to treat than debility  
cases, especially in women, in which  
there is no acute disease but in which  
the patient every day sinks lower and  
lower despite changes of medicine and  
similar experiments.

That Dr. Williams' Pink Pills will re-  
store health under these conditions is  
no speculation, but the fact has been  
proved in hundreds of cases similar to  
that of Miss Jessie Johns, of Gladstone,  
Ore., who was cured by Dr. Williams'  
Pink Pills after suffering with general  
debility for a year and a half. She  
says:

"About four years ago, while living  
in Wisconsin, I was greatly run down  
in health as a result of six weeks of  
sickness. I did not seem able to get  
back my strength, but was weak all  
over. I was thin, pale and nervous. I  
wasn't able to do much of anything  
and had to give up teaching school.

"I was treated by three or four doc-  
tors and they said they were afraid I  
was going into consumption. They did  
not help me, and I finally gave up their  
treatment to try Dr. Williams' Pink  
Pills. The pills helped me from the  
start and I kept on with them until I  
felt entirely well. I regained my  
strength and my health has been quite  
good since then."

Dr. Williams' Pink Pills were origin-  
ally a prescription used in the doctor's  
private practice, and their benefit to  
mankind has been increased many  
thousand-fold by their being placed on  
general sale with the doctor's own di-  
rections for use. They are entirely safe,  
contain no opiates or other habit-form-  
ing drugs. They build up the blood,  
strengthen the nerves and have cured  
rheumatism in almost every form,  
anaemia, troubles of women and grow-  
ing girls and many forms of weakness.

Dr. Williams' Pink Pills are sold by  
all druggists, or will be sent, postpaid,  
on receipt of price, 50 cents per box;  
six boxes \$2.50, by the Dr. Williams  
Medicine Company, Schenectady, N. Y.

ally resented and the lien is the logi-  
cal consequence.

George Turner was convicted by a  
jury in Judge De Bolt's court yester-  
day of selling liquor without a license  
and was sentenced to pay a fine of  
\$100. Ah Chong was acquitted on the  
same charge. The latter is the prop-  
rietor of the Boston Restaurant on  
Hotel street, and the case against him  
seemed to be clear enough in the dis-  
trict court, from whose decision he ap-  
pealed. The jury in both cases, while  
presumably different, had the same ear-  
marks, as all Judge De Bolt's juries  
have, with the perennial jurors sitting  
in all. Both court and counsel are  
none too tickled over the law that  
makes the continuance of these men  
necessary.

The cases of the Remington Type-  
writer Company against L. G. Kellogg  
and of the Territory against Toyota,  
for auctioneering fish without a li-  
cense, were argued and submitted yester-  
day before the supreme court. The  
case of the Territory against Matsubara  
will come up for argument today.

Tomazo Perriera has been granted  
divorce from her husband, Manoel Per-  
riera, by Judge Robinson. She was  
given the custody of their daughter  
and the ex-husband has been ordered  
to pay \$30 a month permanent alim-  
ony. Suit for divorce has been filed  
by Towaguchi Nakatsu against his  
wife Kiwa on the grounds of deser-  
tion.

An order for sale of real estate was  
signed by Judge Robinson yesterday,  
permitting William Savidge, adminis-  
trator of the estate of Clarissa M.  
Davis, to sell property belonging to  
it to pay necessary debts.

Henrietta Keliulama, adminis-  
trix of the estate of Goo Tai Hing,  
has filed final accounts in the circuit  
court. She charges herself with \$404.18  
and asks to be allowed \$152, leaving  
a balance of \$252.18.

The board of health will hold a  
meeting next Thursday to discuss mat-  
ters that have come up within its ju-  
risdiction since the last meeting.  
Among the topics that will receive  
consideration will be the Kona sani-  
tation campaign and the leper question.

The assessor is determined to get in  
the taxes. If you have any due, pay  
before the 15th, or ten per cent. will  
be added.
